

HOUSE DESIGN TRENDS FOR 2017

10

Earthy but Muted Paint Colors.

01

Olive green, terra cotta, dusty blues, pale and creamy yellow will give homes a natural and comfortable feeling.

Tuxedo Kitchens with a Pop of Color.

02

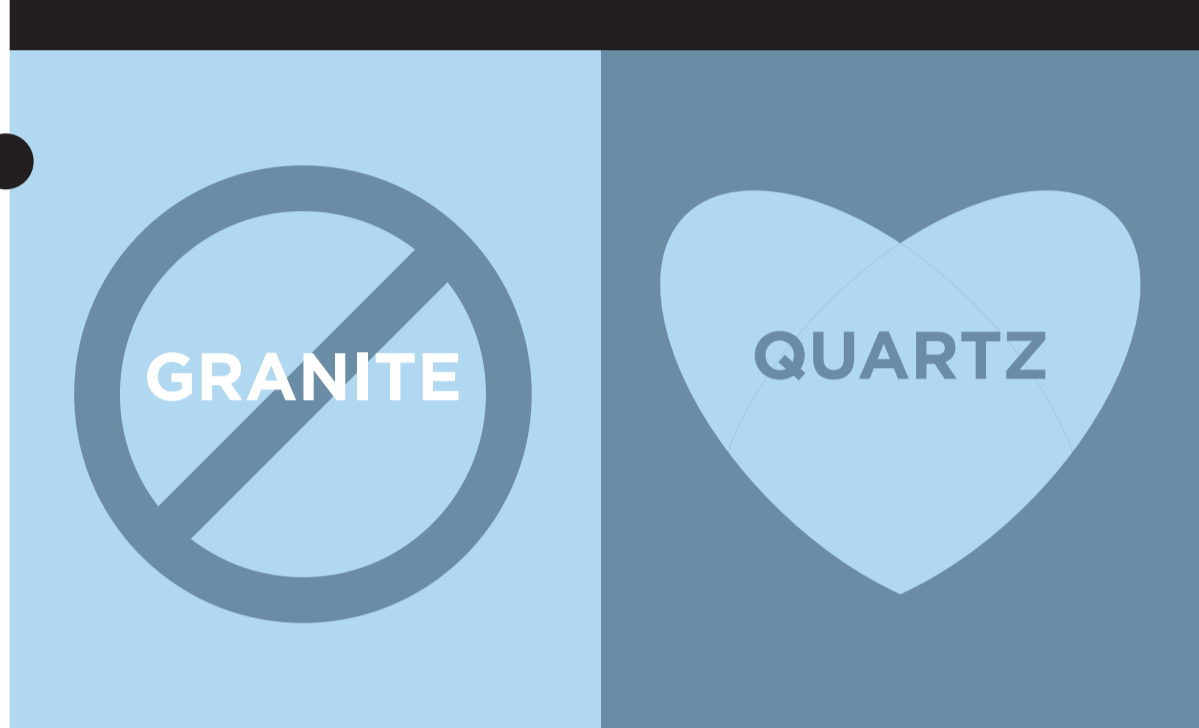

Color blocking prevails but gray, various shades of blue, terra cotta and green will make base cabinets 'pop'.

Countertops: Granite is Out, Quartz is In.

03

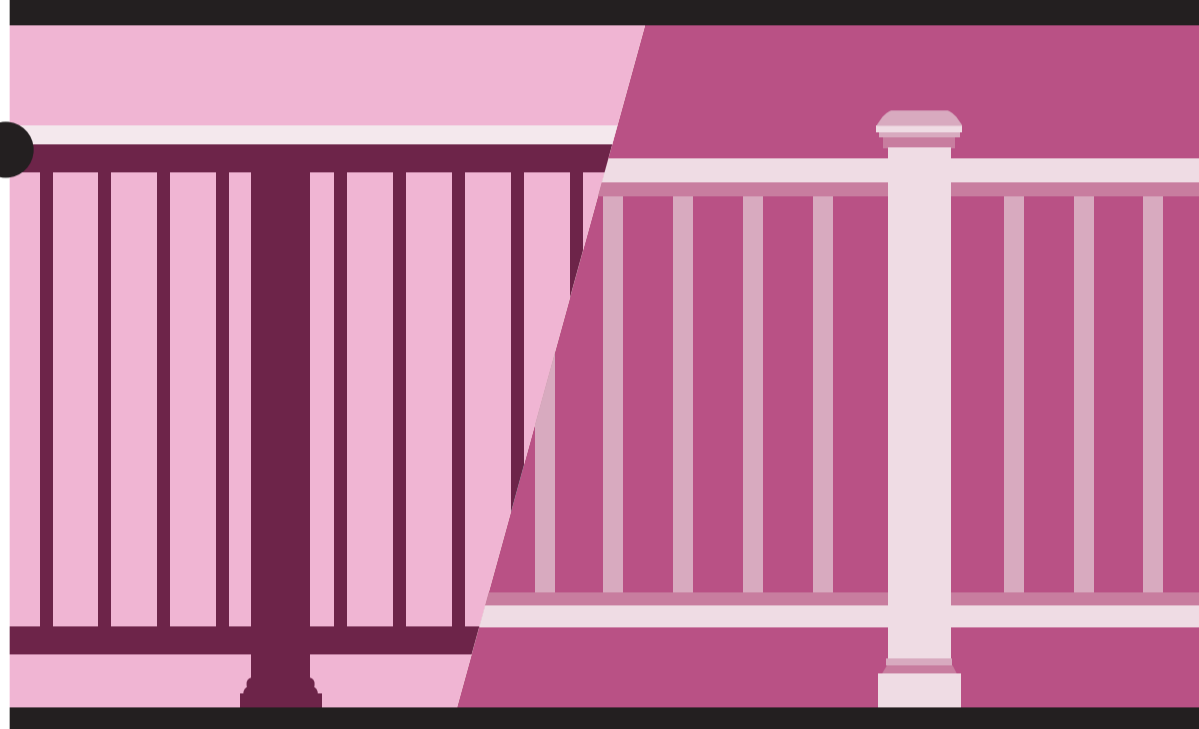

Cover the counters with quartz either in solids such as white, gray and tan or a flecked design rather than using a marbled pattern.

Forget Traditional Deck Railings!

04

Mix & match components in composite & aluminum to create a polished look.

Two Window Themes.

05

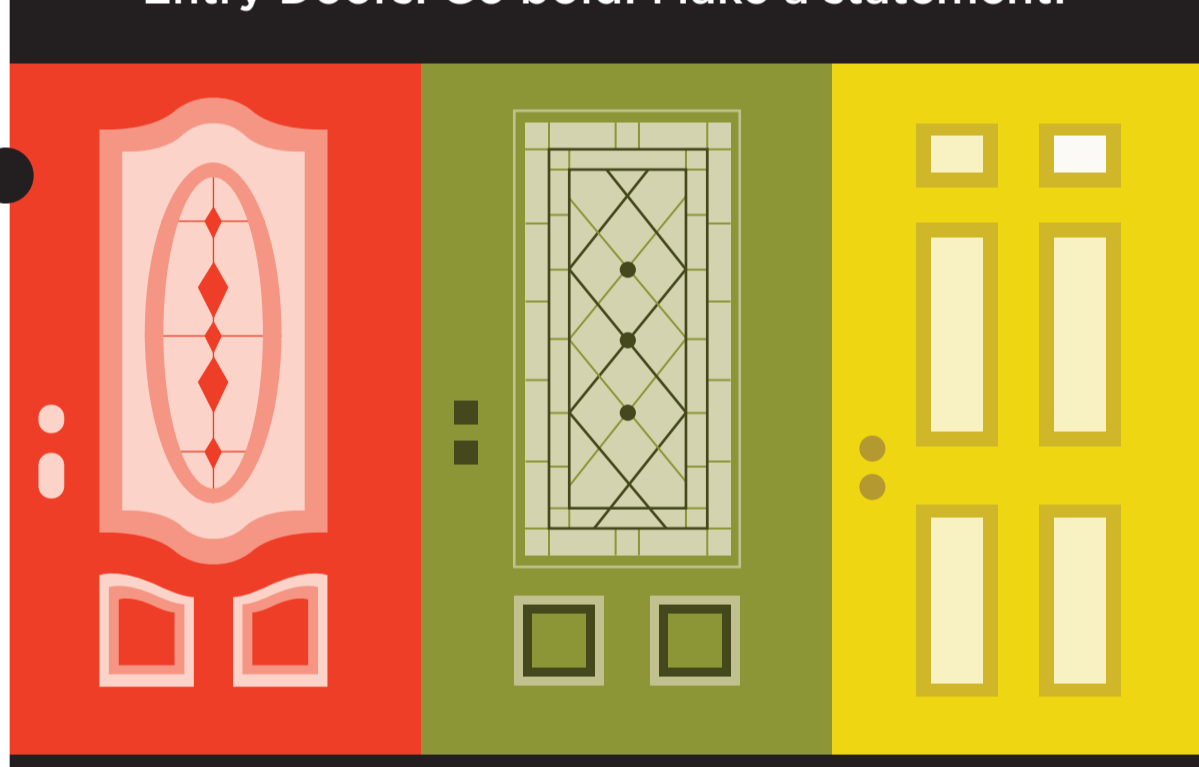

Energy efficient windows that allow natural light to shine through.

Entry Doors: Go bold! Make a statement!

06

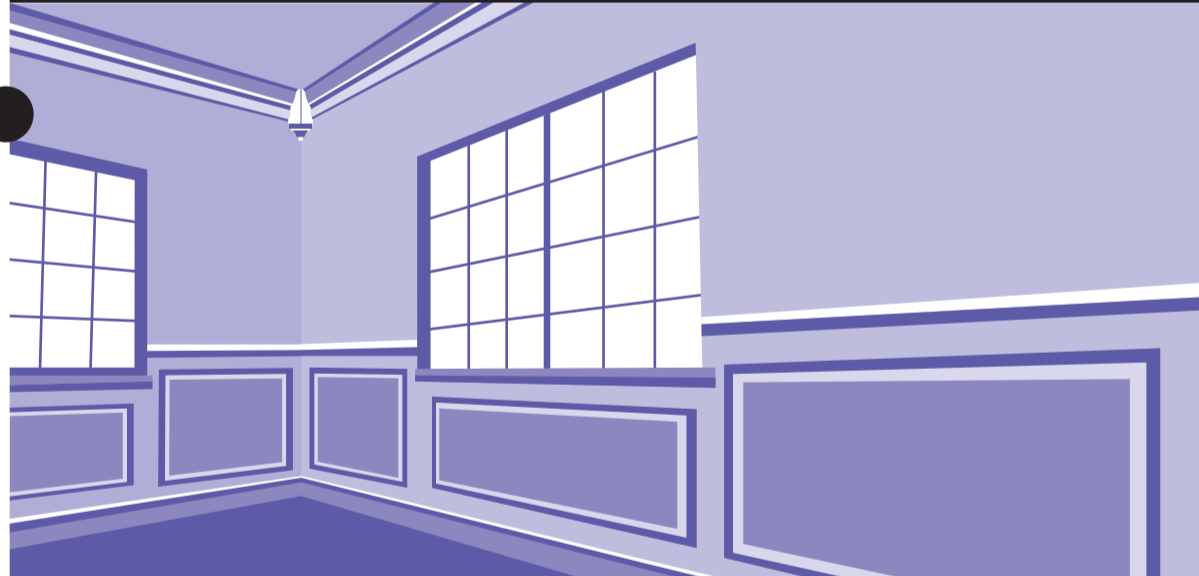

Bold colors from red and green to yellow convey personality & add instant curb appeal.

Architectural Trim Makes a Comeback.

07

Big crown molding, archway casing, 6 - 10 inch baseboards, corner blocks or medallions & exposed ceiling beams add instant elegance.

Multi-Purpose Mudrooms.

08

Keep organized where each family member has a space for shoes, outerwear & backpacks.

Bathroom Bests: Natural Wood & Geometric Tile.

09

Natural wood for accent walls, medicine cabinets, & tub surrounds remain popular for 2017. Adding geometric elements, such as tiling is also in demand.

Lighting: Your Decorative Focal Point.

10

Make a statement with brass, boxy, curvy, geometric, or blown glass chandeliers. You can even find pieces that look like tree branches. You name it - they exist.
